FACT

Speakeasies were "so called because of the practice of speaking quietly about such a place in public, or when inside it, so as not to alert the police or neighbors."

Where did the name "speakeasy" come from? Speakeasies received their name as patrons were often told to "speak easy" about these secret bars in public. Speakeasies received their name from police officers who had trouble locating the bars due to the fact that people tended to speak quietly while inside the bars.
